

P2E ORIENTATION

Passport to Earning (P2E) is a flagship skilling platform for young people (15-24 years old) which provides them with free, job-relevant skills, and position them for job opportunities. It is a Public-Private-Youth Partnership (PPYP) hosted by UNICEF, through Generation Unlimited and co-founded by Microsoft, which aims to connect youth to opportunity by skilling, re-skilling and upskilling them towards entrepreneurship, employment and social impact. An orientation programme was organised at APS Rakhmuthi where Ms. Sheetal Sharma from the organization addressed the students of classes VIII-X and XII regarding the courses available at myp2e.org. She detailed the students how to attend and download certificates.
